AUGUST 2010 SALE FLYER

KAESER AIR COMPRESSORS

Kaeser has been around since 1918 and their portable rotary screw air compressors feature the power-saving proprietary Sigma Profile air end, and a heavy duty industrial engine. This very efficient combination allows these units to produce more air with less horsepower. They are slow running and well built to withstand years of tough operations. These quiet and compact units come with a 2 year warranty. The units need only minimal maintenance, and provide easy access to internal components.

Model	Rated CFM @ 100 PSI	Engine	Dimensions LxWxH (in.) (*with towbar)	Weight Lbs.	PRICE
M15	50	20 HP Gas Honda	38.5 (52*) x 32 x 31	400	\$6,316.20

AIR OPERATED STENCIL HAMMER

Securely attach blast stencil to the stone fast and with very little effort. Press the air operated stencil hammer against the rubber, and move it across the stencil surface. The hammering action will ensure positive contact of the stencil to the stone, avoiding the possibility of stencil lifting during blasting.

BLAST MASK

Blast Mask is a clay like substance which resists blasting when using shadow in a "single process". It is also ideal for masking shadow in a single process shape carving. It is applied after the stencil is removed, being easily pressed into letters or carving background with finger or putty knife. It is washed out of the letters with water. Blast mask comes in a plastic bag and is kept soft and pliable.

\$29.03 (25LB) BLASMA

CENTER FEED PNEUMATIC POLISHER

- *Variable speed
- *Center water feed with rear exhaust
- *8 CFM air consumption with 90 PSI
- *Lightweight, compact design for user comfort and easy operation.

Includes

Oil, hose adapter, water valve and 3" back pad.

\$116.90 POLISHER

4" POLISHING PADS

Grit sizes available: 50, 100, 200, 400, 800, 1500, 3000, Black Buffer, White Buffer
