WENZCO PNEUMATIC ABRASIVE PICK-UP **REFILL YOUR BLAST MACHINE WITH ABRASIVE “QUICK AND EASY”**

Our pneumatic abrasive pick-up ends the hand lifting of abrasive when refilling the blast machine. The pickup would be placed above your blast machine. Your air compressor does the work for you!

Equipment includes:

Venturi Type Vacuum Head
Storage tank
Pick-Up Tube
Floor Hopper
and 16-1/2 ft. Length of 2” Diameter
Vacuum Hose

Floor hopper and storage tank are both equipped with removable screens.

\$2305.95 ABRAPICUP

WENZCO SUPPLIES ABRASIVE CLEANER

Manual abrasive cleaner for removing unwanted large particles and dust from your blast abrasive.

Abrasive is poured into the top of the cleaner where the top screen removes any large particles. The abrasive then flows through an adjustable gate regulating the volume of abrasive that flows down across the bottom zigzag screen. Unwanted dust falls through the bottom screen as the clean abrasive flows off the end of the screen into your receptacle.

\$468.75 ABRACL

ATLAS COPCO STATIONARY OIL INJECTED ROTARY SCREW COMPRESSORS

Built to perform even in the harshest environments, to keep your production running smoothly. **Features:** The gearbox' maintenance-free transmission is completely protected against dirt which maximizes reliability in any environment. The motor and drive train are greased for life. Easy and low cost maintenance with longer service intervals. Lowest power consumption and noise emission in the industry. TEF Drive Motor. Units are delivered ready to use. Available with an Intergrated Regrigerant Air Dryer.

“START YOUR SEASON WITH DRY AIR”

Cool, Dry and Clean Your Compressed Air Supply in One Compact Easy-to-Use Package
HANKISON HPR SERIES REFRIGERATED AIR DRYERS - IMPROVING PRODUCTIVITY

HPR Series Standard Features

- * HPR Series non-cycling refrigerated compressed air dryers offer the right combination of technology and simplicity to keep your air system at a dry, 38°F pressure dew point, **from 5 through 500 scfm.**
- * All HPR Series dryers are built for durability, in a space-saving design.
- * Easy to install package. Simply connect the pipes and plug in.
- * Fully automatic operation saves money.
- * Every unit comes pre-assembled
- * Steady 38°F pressure dew point. Ensures maximum moisture removal every day.

HPR Series - Models 75 to 500 scfm also Feature

- * Integral 304 stainless steel heat exchanger, mesh demister and, moisture separator.
- * Timer operated drain.
- * Panel mounted drain timer controls
- * LED style dew point indicator

QUICKSAND AUTOMATED BLAST PRODUCTION SYSTEM

QuickSand incorporates unique and exclusive hardware and software motion control technologies and features:

* **BlastReady Software** - an easy to use software program for setting job parameters and system operations. It is a template based program, which lets the user select templates with pre-programmed settings by material type or create custom templates.

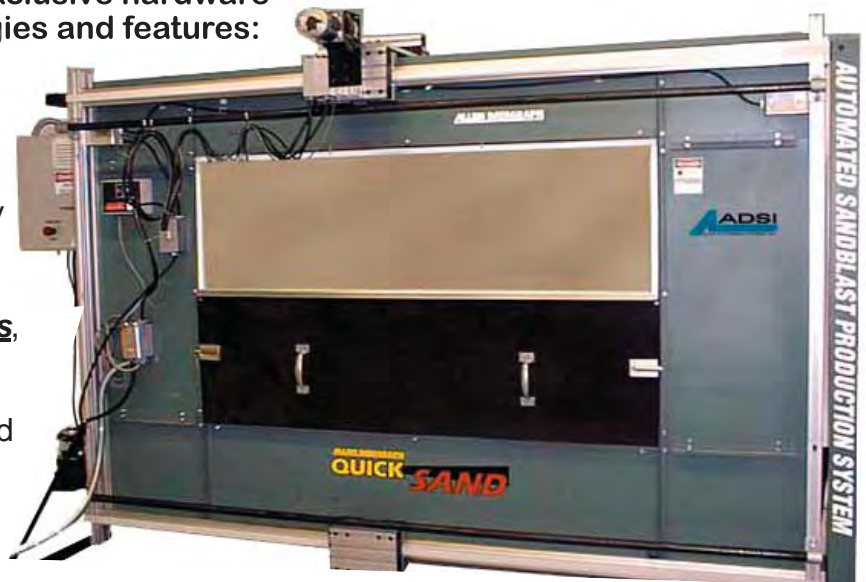

* **Blast Optimization & Sequence**
QuickSand blasts only the required areas, minimizing process time and optimizing productivity. It automatically directs the nozzle through the desired image path and controls the depth of impression through management of the blast duration time. Its circular nozzle rotation process is adjustable following the creation of the desired edge/line definition.

* **Fully Compatible with Most Design Programs** - such as AllenCad, AutoCad, Adobe Illustrator, Corel Draw, MonumentalCad, MonuCad, Gerber Omega, SignLab, FlexiSign, SignWizzard, StoneCad and others.

* **Built-in laser Point Beam** - facilitates job registration and alignment on the material.

Model QS-408 Size: 6' x 8' Blast Area: 50" x 84"

Model QS-410 Size: 6' x 10' Blast Area: 50" x 108"

DUST COLLECTOR BAGS

Replacement bags for Ruemelin dust collectors
5'-6" Bags \$14.96 each **DUSTCOBA5-6**
6'-0" Bags \$15.89 each **DUSTCOBA6-0**
(other sizes are available)

*Dust Collector bags available for other makes and models.
Please call with your requirements*

SIGHT SCREEN

For blast room fronts, and blast hoods. This is a steel 40 x 40 mesh woven wire cloth. It is available in 12" and 18" widths by any length.

12" \$4.98 per ft. **SIGHSC**
18" \$7.41 per Inft. **SIGHSCCURT**

BLAST MASK

Blast Mask is a clay like substance which resists blasting when using shadow in a "single process". It is also ideal for masking shadow in a single process shape carving. It is applied after the stencil is removed, being easily pressed into letters or carving background with finger or putty knife. It is washed out of the letters with water. Blast mask comes in a plastic bag and is kept soft and pliable.

\$29.03 (25LB) BLASMA

HEAVY DUTY STENCIL ROLLER

Features a 3" x 1-1/2" rubber roller and a bent solid aluminum handle to exert more pressure to the stencil for a tighter bond. Weighs about 1lb.

\$21.41 ROLL

NU-STONE GRANITE CLEANER

Cleans oil, rust, sap, moss, general soil, eggs, wood stains, among other things, from granite, stone, brick and concrete. This product is non-harmful to the environment.

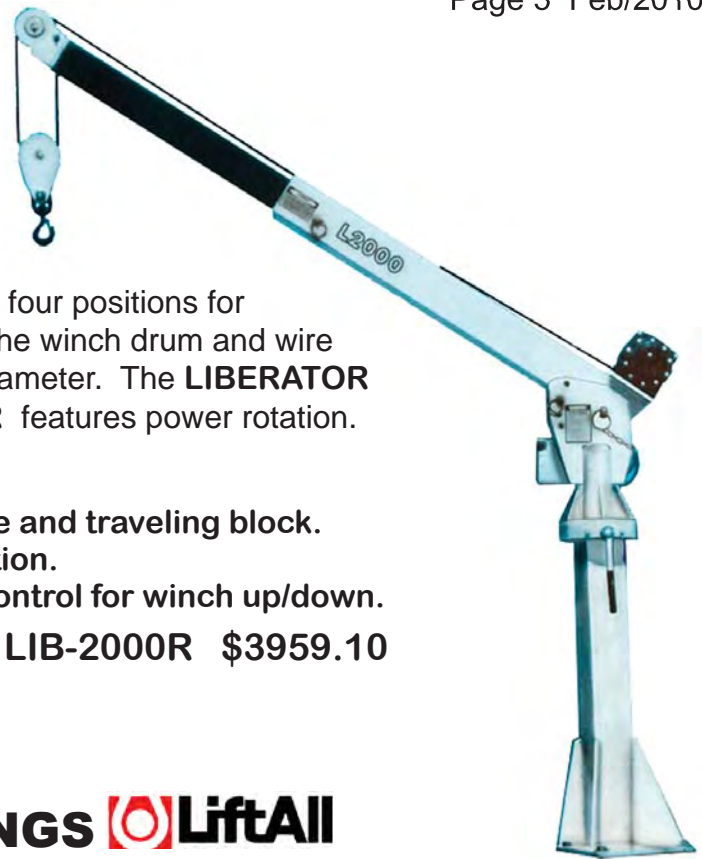

Works great!! Try it.

\$37.82 GAL.

LIBERATOR TRUCK CRANES MODEL 2000 & 2000R

The **LIBERATOR 2000** cranes are compatible for mounting on pickup trucks, flatbed trucks, utility trucks or trailers. The 4'-0" to 6'-6" extendable boom locks in four positions for lifting; 0°, 15°, 35° and 55° and fold down for travel. The winch drum and wire rope pulley fully conforms to NASI specifications for diameter. The **LIBERATOR 2000** is manually rotated and the **LIBERATOR 2000R** features power rotation.

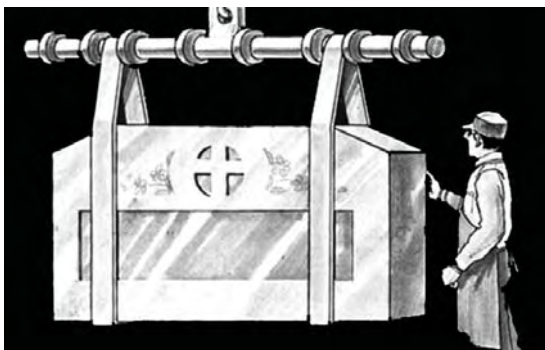

FEATURES

- ◆ 2000 lb. maximum load capacity with 2-part line and traveling block.
- ◆ Swing brake system helps control manual rotation.
- ◆ 12 foot remote control uses reliable solenoid control for winch up/down.

MODEL LIB-2000 \$2123.10

MODEL LIB-2000R \$3959.10

STONE HANDLING SLINGS LiftAll

Slings are made of special abrasion resistant 4-inch nylon webbing for handling stone, concrete and building panels. They feature a soft abrasion resistant wear pad woven onto the load side of the webbing, providing outstanding protection for the sling and the polished stone surfaces.
